### **DEALING WITH BEARS IN THE COMMUNITY**

To reduce the chances of attracting bears, the Ministry of Natural Resources advises property owners to:

- Store garbage in steel containers, or in airtight containers, inside a storage area that is not accessible to bears.
- Wash garbage containers and dumpsters frequently and use disinfectant to reduce odors.
- Put garbage out on the morning of garbage day, and not the night before.
- Not leave pet food outdoors.
- Thoroughly clean outdoor barbecue grills after use.
- Fill bird feeders only during the winter months.
- Do not put meat, fish or sweet food (including fruit) in your composter.
- Keep meat scraps and fish parts in the freezer until garbage pick-up day.

If you spot a bear in a residential area:

- Remain calm. Often the bear is just passing through and, if it finds no food source, will simply move on. Your residence may be located in or near the bear's natural habitat.
- If a bear is in a tree, leave it alone. Remove people and dogs from the area. The bear will ordinarily come down and leave when it feels safe. This is usually after dark.
- Keep away from the bear, do not block its exit and warn others to keep away as well. Bring your children and pets into the house.
- If you are near a building or car, get inside it as a precaution. If the bear was attracted to food or garbage, remove it after the bear leaves to discourage the bear from returning.
- Keep dogs away from bears, as the bear may follow the dog back to its owner.
- To report bear problems call the BEAR WISE telephone line at 1 866 514-2327 (1 866 514-BEAR).

We have our **Poker Loppett** at the Medical Centre, to help fundraise for the Youth & Elders Gathering.

\$2.00 per play - Come out to try your luck, only the high hand wins.

Everyone welcome!

**Chief and Council meeting**

**Thursday, April 28, 2016**

**6pm @ Band Hall**
